## This week @ Kensington

Summer has finally arrived and we are all enjoying the sunshine here at Kensington Primary School. Like during all weathers we are continuing with our outdoor lessons so please make sure your children are wearing cooler clothing (white t-shirts and shorts or thin tracksuit bottoms) and are wearing sunscreen and a summer hat.

Thank you for all your support with our fundraising this term. We already approaching the £10,000 mark and we are confident we will raise the funds we need to transform your children's play grounds.

On Monday morning Mr Levinson will be running around the playground to collect sponsorships for his 50k run on Monday 19<sup>th</sup> June. Please bring along any spare you would like to donate or use the link here <https://www.justgiving.com/crowdfunding/benlevinson50krun> All these donations will contribute to phase one of our playground remodel, which is taking place during the summer holidays.

Have a lovely weekend!

## Star Learners this Week are:

### STAR LEARNER OF THE WEEK EYFS & Year 1

Star learner Ruayda Y11

I am pleased to report that Ruayda is off to a great start this term. Her progress is impressive, especially this week when she demonstrated excellent use of full stops to punctuate her sentences. Additionally, Ruayda is showing consistent improvement in forming letters with appropriate proportions and spacing words with clear finger spaces. She is also utilising her phonics knowledge to write both familiar and unfamiliar words. I am eager to see more of her work this term.

### STAR LEARNER OF THE WEEK Year 2 - 3

Musa and Mustafa are star lateness from Y2S. They supported each other and worked together as a team. They used different skills and tools to create their own animation in technology lesson. They also helped other children in class during the session.

### STAR LEARNER OF THE WEEK Year 4 - 6

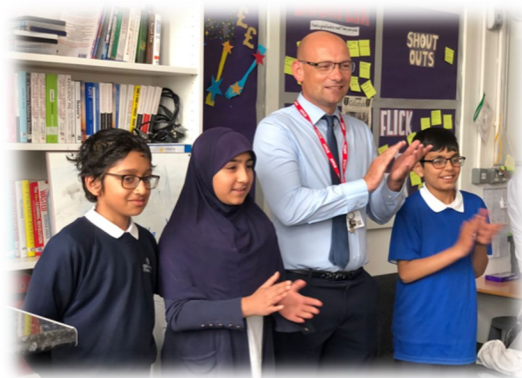

Ifra(Y6S) has shown significant improvement in her writing. Her writing folder shows the clear progression in her handwriting as well as her writing style. Over the year, Ifra has become more confident in experimenting with punctuation and grammar in a range of writing, and as a result has been able to select the appropriate form of structure and language. Furthermore, Ifra was able to select alternative grammar and vocabulary when editing her previous writing pieces. A very good example of this is 'Writing a letter to the author'.

## National Volunteers Week

This week is national volunteers week, and to say thank you to our amazing volunteers we held a lunch for them today. Our school council served them food and gave a speech to thank them for the incredible work they do!

Please, if you see any of our volunteers this week, do pass on your appreciation, it means a lot to them!

## Engineer Award

This week we received the results for our students' recent submissions to the Engineer Award. In this project, the students had to design a mechanical, electronic or other device to solve a local, national or global problem; their inventions were then judged by professional engineers from a range of fields.

We are immensely proud to announce that all of our students who entered received the grade of "pass" and many received the award of "merit" and "distinction" for especially creative, interesting or important designs. A whopping 14 pupils have been awarded "distinction - shortlisted". Their designs will be shown in an exhibition on the 11th July (more details to follow), where a panel of engineers will choose one design to create a prototype for. The pupils are: Adhira, Arssheah, Asana Jannat, Rayan, Dhanya Sri, Tafhimi, Nusrat, Imran, Adhira, Harshadha, Ilyas, Zidaan, Safa and Ziyi.

A massive congratulations and well done to all students in year 6 for this incredible achievement!

It is important to download the Studybugs app as this will be the form of communication between school and parents.
