What an amazing week we have had at Kensington Primary School...

Happy Friday to all parents and carers,

Relationship building has very much been the theme this week as we encourage staff to make time in their timetables to engage and really get to know children in their new class. Walking the school each day, I have seen many great examples of staff working closely with children, observing them, and really understanding how each child learns. Forging strong relationships with pupils, other staff members and families is a whole school focus for us this term. If you haven't already said 'hi' to your child's new teacher please do so next week if you get the chance! Once staff know their children, adapting their plans to meet the needs of all pupils becomes easier. Another whole school focus this term will be adapting lessons daily to push **all** children on in their learning. If you would like to know more about the school's curriculum and our approach to teaching and learning, please pencil the 'Learn with your Child' sessions into your diary. Schedule below; more information on these sessions will be sent nearer the time.

After school clubs start next week and we are thrilled to be able to accommodate children with such a broad offering. Remember Tutor Clubs are invite only, but you can request for your child to attend one of these booster interventions. Simply speak to your child's class teacher about this. This year we are moving from a paper system to online, so please bear with us if there are any teething issues with clubs next week!

Star Learners this Week are:

STAR LEARNER OF THE WEEK EYFS & Year 1

Star of the Week for Phase 1 is the whole of Yellow class. Yellow class has demonstrated exceptional resilience, adaptability, and determination, which has led to their well-deserved recognition as the stars of the week. From the moment they stepped foot into the school, they have shown remarkable courage in settling into their new environment. They have embraced their routines, adjusted to the timetable, and adhered to the school rules with a positive attitude. Despite the challenges that come with starting school, every student has displayed bravery in facing new experiences and overcoming any initial anxieties. Their commitment to trying their best in every task and supporting one another this week has been commendable. All children in Yellow class has truly set an inspiring example for the entire school, serving as a reminder of what can be achieved through courage, resilience, and adaptability.

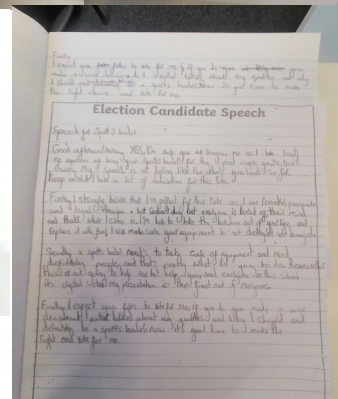

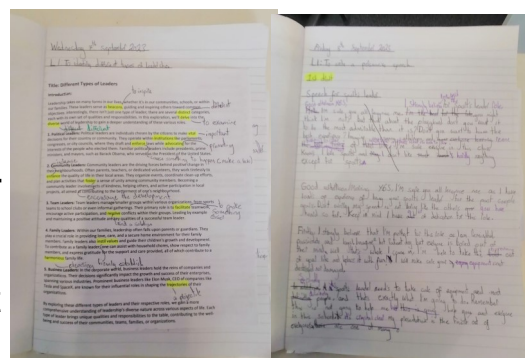

STAR LEARNER OF THE WEEK Year 2 - 3

Star Learner in Y3E is Daniel. Daniel has been working very hard on building strong relationships with his classmates over the course of the past two weeks. He supports children who need a bit of help with their learning and as always he is kind to everyone. He is also building relationships with the new teachers in Year 3. He is working extra hard on his handwriting and I can see improvements every day! Daniel has really made me proud so far this year! Well done.

STAR LEARNER OF THE WEEK Year 4 - 6

Zakariya Shoeb in Y6S has demonstrated, through example, high-quality work. He has also started to work independently at a good pace. As a result, he has created his first speech, of which he is extremely proud. It is well-written, coherent, and includes paragraphs and appropriate vocabulary. Well done Zakariya for a great start to the year.

School Attendance

Being in school every day that it is open, is important to your child's achievement, wellbeing, and their wider development.

There is wide agreement among health professionals and educational professionals that school attendance is vital to the life chances of children and young people. Being in school improves health, wellbeing and socialisation throughout the life course. The greatest benefits come from children and young people attending school regularly.

Let us make sure we can give
our children the best
opportunities
with **GREAT**
attendance.

It is important to download the Studybugs app as this will be the form of communication between school and parents.

Stay Warm in Newham

The Renewal Programme have launched their Stay Warm in Newham project and have opened their first warm bank on Tuesday 24th January.

Newham residents are encouraged to attend our warm bank sessions to access energy-related advice/services and activities, to help reduce energy cost. We also provide a welcoming space for residents to enjoy tea and coffee with some company.

Our warm bank runs three days a week on Tuesdays, Wednesdays, and Fridays from 11:00am- 1:00pm at The Renewal Programme, 395 High Street North E12 6PG.

You will have the opportunity to engage with our energy experts, Groundwork's Green Doctors, who will be there every Tuesday to offer advice to residents on how to reduce energy cost while keeping their home warm. They also provide in-depth referrals via telephone calls or home visits (subject to eligibility).

We are also providing hot meals every Wednesdays from 11:30am- 1:00pm and will be starting cooking classes very soon!
