

OneClickHomes

OneClickHomes working in conjunction with

We are donating £1000 for every sale and £250 for every Let we complete to Kensington Primary School.

OneClickHomes are a local estate agency celebrating our 10th year of trading. The directors at OneClickHomes were all born and raised in the local area, we are products of the local education system, who we feel played a crucial role in helping make us the people we are today.

"Our Community" incentive plan.

In celebration of our 10th anniversary, we wanted to give back. We are aware of the difficulties schools are facing with cutbacks and so we came up with the "Our Community" plan as a small way in which we can help make a change.

It is our objective to help improve what we see as a vital cog at the core of our community – helping the schools to create more future business leaders.

OneClick Homes will donate £1,000 for every sale completed and £250 for every let agreed via property owners connected to our schools.

We are honoured to play a small part, alongside yourself and Kensington Primary School, in giving back to and supporting our community.
