

1.3 ONE TO TWENTY: GO!

Objective: Read and write numbers 1 to 20 in numerals and words

Instructions

1. You need some space at home or outside to run and collect cards
2. Make and lay out in order number cards from 1 to 20
3. Scatter word cards for all the numbers from one to twenty around the activity space
4. Run and collect one work at a time and put it by its matching digit card
5. Read all the numbers out loud.

Challenge

Try it the other way round: lay the words out in order and collect the digit cards one a time from around the room. Match them up and practice writing all the numbers in words.
